Power Generators

Reliable Power for Your Crew

Reliance Rentals offers industrial generators rentals, capable of delivering operational flexibility and high efficiency for your industrial construction jobsite.

The Megagen Z Series is a range of high-quality, eco-friendly generator sets primarily used as sources of prime power. With robust design and long-lasting components, these generators are your reliable, easy-to-use solution for even the most demanding circumstances on site. They can also be controlled remotely via DSE controllers, providing you with maximum productivity and convenience for both commercial and residential applications. Whether you need generators for construction, mining, oil & gas, and more, we've got you covered.

Don't settle for anything less – choose the Megagen Z Series generators to add to your rental fleet or to use for your next construction/ industrial project!
